

THE CUTTING-EDGE OF MOBILE PMS TECHNOLOGY

StayNTouch's game-changing, cloud-based PMS can operate on a tablet, freeing you from bulky legacy systems and revolutionizing your guests' experience. Our PMS will help you increase revenue, reduce costs, mobilize staff and ultimately captivate your guests.

Backed by a leadership team each with over 20 years of experience in hotel technology, StayNTouch serves many of the most forward-thinking hotels, resorts, and casinos, in the industry.

Game-Changing
Technology

PARTNERED WITH BEST-OF-BREED SOLUTIONS

No PMS is an island, and StayNTouch takes pride in its partnerships with best-of-breed 3rd party applications. We can integrate with numerous hotel systems including most POSs, CRSs, channel managers, PBX systems, accounting systems, door-lock vendors, and distribution systems to further streamline staff efficiency and the guest experience.

Captivate
Guests

- **Give your guests a choice in service:** Let them check-in on a mobile device, at a self-service station, or with an agent anywhere in the lobby.
- **Improve productivity** by streamlining communications and housekeeping tasks.
- **Drive Revenue** with automated upsells at every guest interaction.
- **Future-Proof your business** with new feature releases every 3-5 weeks.
- **Rest Easy with 24/7/365 Global Support:** We are here for you, any time, day or night.
- **Scale your business** with a robust product roadmap driven by innovation and customer feedback.
- **Connect your entire hotel** with best-of-breed 3rd party integrations.

Communications

OUR PRODUCTS

ROVER PMS

Fall in love with your PMS! Rover's beautifully designed UI requires minimal training, meaning you can run your entire hotel from an iPad!

Rover Front Desk

Break free from the front desk and interact with guests wherever they are. Leverage instant room status updates to better respond to guest requests and capitalize on upsell opportunities.

Revenue Management

View your rates and availability from anywhere, so you can instantly react to market shifts/demands.

Rover Groups

Benefit from robust integrations with leading Sales & Catering solutions.

Rover Housekeeping

Gain mobile access to room status, including early check-ins/late checkouts and room special requests. No more unnecessary knocking!

Never Pay Extra for Integrations

The PMS of the future does not charge for integrations. Or service. Or implementation. Get everything you need to run your PMS under one simple contract.

Rover Connect

Enhance your hotel's technology stack. Use our open API to connect to peripheral systems to improve the guest experience.

ZEST WEB

Empower your guests with a completely mobile check-in! Zest lets your guests check-in at their fingertips, use their smartphone as a room key, and even scan their identification with an iPhone.

Increase your ROI with monetized early check-in/late check-out, and automated offers for room upgrades, complete with a full room display.

Zest Web can easily capture guest stay data and buying preferences, and turn those insights into targeted offers, sent directly to guests' smartphones.

ZEST STATION

Nobody likes to wait in line. Zest Station lets your guests skip the line by streamlining the check-in, key retrieval, and check-out processes.

Each Zest Station is specifically branded to your hotel's standards, is run on a touchscreen device and can be integrated with a credit-card reader and key encoder. Zest Station is equipped with optional ID scanning and facial-recognition technology for an added layer of security at check-in.
